## **FOR IMMEDIATE RELEASE**

### **CAC Qualifiers**

The Bermuda Hockey Federation is excited to host the Central American and Caribbean Games Qualifier Tournaments over the Easter weekend in April 2022.

Bermuda is to be the proud host of 5 field hockey countries from our PAHF region to compete in international competition, spanning over 4 days. The event will be held at the Bermuda National Sports Centre turf facility from 14th to 17th April, 2022. This fantastic event will display exceptional standards of hockey, showcasing the sport at its finest, right here in Bermuda. Not to be outdone, the Bermuda National Field Hockey teams will be in the thick of it, exhibiting our own national talent. We will welcome men's and women's teams from the Dominican Republic, Guatemala, Puerto Rico, Jamaica and a women's team from Guyana and look forward to sharing what our island has to offer.

The BHF is a dynamic organization driven to provide a supportive and positive influence on all members in and around the hockey community. Reaching ages from 4 to senior level, we strive to provide a fun learning and playing environment on and off the field for all. We welcome all who are keen to join for social reasons, learn a new skill or pick up where they left off. Our leagues merge to cater to all abilities and empower those to develop as players and continue their sporting careers.

This CAC Qualifier tournament is a golden opportunity to push Bermuda forward in the international arena with the final top two men's and women's teams earning a spot in the next CAC Games which is a Pan American Games qualifier. The imminent arrival of our new coach is timely to guide our national representatives into competition.
